LONESTAR  
USSF Academy  
Invitational

Monday, March 22, 2010

Twin Creeks  
Country Club

# About the USSF Development Academy

The Development Academy is a new national league, in its 3rd season, which is a joint effort between US Soccer and Nike. US Soccer is responsible for selecting players for national teams, which are drawn from this new league.

The Lonestar Soccer Club is one of 75 youth programs to be invited to participate in this prestigious program. Because player costs are significantly more expensive than any other program in youth soccer, the 2010 Lonestar USSF Academy Invitational will support the efforts of the Lonestar teams in this league.

In the current season, each club has two boys teams participating - U15 and U17 - or as we refer to them 94s and 92s. The Development Academy will now provide a new, and ultimately more rewarding, place to which players can aspire.

Ultimately, the participation by the Lonestars in the Development Academy will provide positive exposure for the entire club, at all age levels.
