

## **2009 Golf Tournament**

### **Shamble Rules**

Each player from the team will tee off on each hole. The best drive will be selected, and then each player will play his/her own ball in from that location until the ball is holed.

Players are able to move the ball one club length but not closer to the hole, from the tee shot location only. The ball must stay in like condition, therefore, a ball in a bunker, hazard, or rough, must be played from the bunker, hazard or rough.
